COMPANY PROFILE

Mr. Slamet Winarto has established PT. Anugrah Gasindo Abadi since 2012 to spread the business. Our company is engaged in industrial and medical liquid gas. In addition, we also provide equipment rental supported by local and multinational industrial gas producers in meeting customer needs.

Seeing the growing market opportunities for hospitals, industries and manufacturers that need gas products, Mr. Slamet Winarto as the owner of AGA decided to expand his business into the field of medical equipment under the **MEDWIN** brand.

MEDICAL FLEXIBLE HOSE

JM005

Input Pressure : 15.0MPa (150Bar)
 Output Pressure : 0.07MPa ~ 1.4MPa
 Gas kinds : O₂, AIR, CO₂, N₂ etc
 Reducer : Use 155M-A super high flow pressure reducer
 Pigtails : Metal pigtail equipped with prevention backflow valve
 Thread size : 36" metal pigtail or 36" cooper pipe
 Material : Copper
 Connector standard : CGA4.1 and ISO15001 Standard

MEDICAL HOSE

MH001 - MH002 - MH003 - MH004

Available in custom lengths and configurations
 Media gas : O₂, Vac, Air, N₂O, CO₂, N₂
 Connector : CIG, JIS, BRITISH, OHMEDA
 Adaptor : DISS
 Colors : Yellow, Green, Blue, Black, White
